

TAVOLO *BRANDO*

BRANDO TABLE

Brando è un tavolo di estrema purezza formale. La solida presenza scultorea delle gambe si coniuga al piano multilastra incassato nella struttura generando un effetto complessivo di intensa razionalità. Brando è disponibile con piano in configurazione multilastra (due versioni con moduli di dimensioni diverse) e in configurazione ciclopica.

Brando is a table of extreme formal purity. The solid, sculptural legs are combined with the multilayered top embedded in the structure. The result is an overall effect of intense rationality. Brando is available in three different top configurations.
